

In Quest of a Vision

Be – Do – Achieve

To **Achieve** what you have never had, you must **Do** what you have never done.
If you do what everyone else is doing, you will get what everyone else is getting.
Most get *mediocrity*, at best.

To **Achieve** what you have never had, you must **Do** what you have never done.

To **Do** what you have never done, you must **Be** what you have never been.

Know what you need to **Be** first.

Then you will know what to **Do** to Achieve your **Goals!**
