Please note that some items are no longer available. Only those items listed above are now available, but if you are looking for something specific then please contact us and we might have it in stock, or can find it through our network.

We recommend that you set up your own Electronic Profile Information System (EPIC) to administer your profiles. You save a considerable amount on all items indicated as (EPIC) on this pricing sheet if you have your own EPIC System. In fact, you can save \$6.50 per profile or even more. Having your own EPIC system not only saves you time and money, but also gives your participants profiles that are customized specifically for them, and gives them rich information that they can use to be more efficient and effective in their work and interpersonal interactions.

Please Contact Us for Ordering or More Information

All Orders over \$500 require payment in advance; we accept checks and corporate or government credit cards. Returns are allowed only on defective product which will result in the product being replaced. Quantity Pricing is Available. Paper profiles require a minimum purchase of 25 profiles.

Want to learn more about the **Seven Elements of High Performance™**, the **Diamond of Engaged Performance™**, the **Payroll Efficiency Factor™**, or the **CORE Training Approach™**? These are just a few of the models that we have developed from over 8 years of ongoing research on what drives performance in organizations.

Please visit us on the web where you will find articles and whitepapers on these topics and more, as well as the research documents on all of the Inscape profiles. You can also learn more about our services and programs that we can deliver to help you and your organization achieve its goals, and as a result, also achieve success and significance.

www.ResourceDevelopmentSystems.com

You can also learn more about The **Seven Elements of High Performance™** in Gary Lear's best-selling book **Leadership Lessons From the Medicine Wheel**. In this book Gary shares research, models, concepts, and insights into what drives high performance in organizations. By using stories and examples, the book is packed with information and will keep your attention; you will not want to put this book down.
